Self-Packing Displays

Imagine! A display that has everything you need *all in one package*. **Packed with convenience.** ShowMax will set up in less than a minute, with no cases or padding materials to put away afterwards. No more waiting around for cases after the show! Graphics can remain inside for transport, so they are ready to show when you open the display. Large exhibition

Includes two 50w halogen lights and white styrene header

molded-in storage compartments for literature. ShowMax panels are designed to lock together, creating an exterior protective shell, eliminating the need for extra cases. **More than just a pretty face.** ShowMax features blow-molded double wall reinforced polyethylene panels joined by co-extruded hinges. After you fold up ShowMax, Franzen precision lockable latches are on the job to keep your presentation safe and sound until the next show. Always show your best. Project a more professional image and get better response for you tradeshow dollars with this innovative new tabletop display from Prezental

halls seem smaller when you are cruising on in-line skate wheels. Molded-in pull bar and innovative retractable handle give you more comfortable accessibility from any position. **Maximum value, built right in.** Save money on accessories. Standard equipment includes: 120v-50w halogen lights with 6' cord, white laser cut styrene header, and

Sealed bearing in-line skate wheels make transport easier.

Hide-away handle grip retracts automatically.

Velcro-ready fabrics available in Purple, Black, Blue and Silver.

- In-line skate wheels reduce friction and make pulling easier.
- Narrow profile ShowMax to pack into a compact space.
- Graphics attach with Velcro and can remain in place for transport or storage.
- Showmax protects and stores accessories in die cut foam compartments. No need for extra bags or cases.

ShowMax[®] Self-Packing Tabletop Display
